Profile

Aspiring Data & AI professional with strong math and analytical skills. Experienced in **Python, SQL, data visualization, ETL, Machine Learning, and Deep Learning**. Developed **Azure data pipelines** and **AI chatbots using LangChain, LangGraph, and n8n**. Passionate about leveraging data and AI to solve real-world problems.

Education

International foundation studies Westminster International University in Tashkent, Tashkent	Sep 2025 - May 2026
Intensive AI and BI course MAAB academy	Dec 2024 - Present

- Gained **Academic Communication skills**, built strong **mathematical foundations**, and developed **professional employability skills**, including key soft skills such as teamwork, communication, and problem-solving.

- Accepted into the **AI & BI Talents Program**, gaining hands-on experience with **Python, SQL, data visualization tools, ETL frameworks, Machine Learning, and Deep Learning**, developing practical skills across both Business Intelligence and Artificial Intelligence.

Employment

Junior AI engineer Orient Finance Bank, Yunusabad	Sep 2025 - Nov 2025
-----------------------------------------------------------------------------	---------------------

- Assisted a senior AI engineer in developing an **AI automation chatbot**, building an **AI agent using LangChain, LangGraph, and n8n** to retrieve information from multiple databases and generate accurate, context-aware responses.

Internships

Data engineer internship MAAB innovations, Yashnabad	May 2025 - Aug 2025
--------------------------------------------------------------------------------	---------------------

- Collaborated with a senior Data Engineer on **Azure-based data warehousing** and developed **ADF pipelines** to automate and optimize data ingestion, transformation, and movement across cloud environments.

Achievements

- Achieved **Gold Medal** at the SEAMO X National Stage and **Bronze Medal** at the SEAMO X International Round in Australia; selected as a **SEAMO X Finalist**.
- Awarded **Bronze Medal** in the **National Mathematics Olympiad (NMO)**.
